

Our Preschool which is located on Kurna Land in the Adelaide Plains region is committed to making reconciliation an ongoing process by actively acknowledging Aboriginal and Torres Strait Islander Peoples as our Nation's First People. We aim to continually reflect and evolve our practice to empower our Aboriginal and Torres Strait Islander children and families. Our curriculum will provide authentic and meaningful learning experiences which value the significance of Aboriginal and Torres Strait Islander culture, beliefs and traditions in ways that are respectful, inclusive and connected with the Early Years Learning Framework.

Art Installation at Mawson Lakes Preschool by Scott Rathman, Rusted Tin Contemporary Aboriginal Arts ... This artwork symbolises the children playing and learning together in their small groups. It shows that although they may not all be interacting with each other they are all connected.
